Amy,

Since I talked with CPAI to clarify their comments, I'm going to docket the discussion to support our rationale for not including compressor stations. Attached is a draft of that memo for the docket. Can you review and see if it provides enough to help with our record? I feel like I'm talking in circles.

Thanks!  
Karen

FYI – RTP is closed today. Most of us are working from home but I don't think it's required if we weren't regularly scheduled to telework today.
